

One-Click® Cleaner HOC

Product description

The new Fujikura One-Click® Cleaner HOC has been released for Fujikura's Hardened Connectors (TRIDENT®/ TITAN RTD®) and SC Connector (Plug / Receptacle).

With one familiar one-push mechanical action, remove dust particles and oils from the critical ferrule endface of both fiber optic connectors and receptacles conveniently, without needing to change the guide cap.

Features

- Removes dust particles and oils from the critical ferrule endface of fiber optic connectors
- Familiar one-push mechanical action.
- Clean both connectors and receptacles conveniently, no need to change guide cap
- Dry-clean ferrule endface
- Built-in rotating action
- Always cleans with fresh cleaning material, preventing contamination
- Cleans ≥ 500 times
- Compliant with EU/95/2002/EC Directive (RoHS)
- Compatibility with:
 - AFL TITAN RTD® Multiport Terminal
 - AFL TRIDENT® Hardened Connectors
 - SC connectors & SC receptacles

One-Click® is a Registered Trademark of Fujikura Ltd.
