

# Multiport Terminal (MPT)

## Product description

The Fujikura Multiport Terminal (MPT) is an Outside Plant (OSP) fiber terminal designed for quick and easy connections for optical fiber networks like FTTx & 5G access. The MPT is built for long term reliability and can be installed anywhere in the network - underground, on pedestals, poles or hung on aerial strands.

The MPT is available with HOC receptacle input, or as pre-terminated stub with cable reel, accepting a variety of cable options.

## Features

- Plug and play
- Sealed and rugged design
- Designed for Hardened Optical Connectors (HOC)
- Multi-fiber ports with MT Technology

## Specification

Item	Content
Output Ports	6-port MPT: 4-fiber MT x 4 or 6 ports 12-port MPT: 4-fiber MT x 8 or 12 ports
Input Port	Pre-terminated 24F Cable or HOC Receptacle
Port type	Bayonet-type Plug Connection
